

1 – 7870 Enterprise Drive
Chilliwack, BC V2R 5N8

COMPANY PROFILE:

Chill-Air Conditioning originally began in 1989 as a one-man operation serving the Fraser Valley, providing installation and service of residential and commercial air conditioning, heating, refrigeration, ice machines, heat pumps, and hot water tanks. Over the years more trucks were added, manned by licensed refrigeration mechanics, available 24 hours a day for on-call service to all makes & models. Service coverage also broadened, reaching from Aldergrove to Boston Bar.

Fast-forward to 2007 and the dawn of a new era and a brand new company: Chill-Air Conditioning (2007) Ltd, under the leadership of Chris Churly, who brings 17 years of experience in design-build and product & technical expertise from the wholesaler perspective.

We have a product and service to suit your residential or commercial HVAC and Commercial Refrigeration needs. Our areas of expertise includes among other things:

- Zoning Systems - we can design a system that best suits your building, and get rid of those hot and cold spots. Individual room control for better comfort.
- IAQ (Indoor Air Quality) - we carry a full line of filtration with UV for commercial and residential applications. We can design and implement the best air filtration for your needs and health.
- Instantaneous Hot Water tanks - can save you up to 30% off your heating bill.
- Package Dual fuel Heat Pumps - can save you up to 50% off your heating bill.

Chill-Air also has a commercial Maintenance program available for all types of buildings, from single tilt-ups to shopping malls; from restaurant equipment, walk in coolers & freezers to ice machines. Preventive maintenance schedules are a value added service designed to prolong the efficient operating life of your equipment.
